OBF145X

ID250608
code 13638

150-litre beer cabinet, stainless steel with polarised tinted glass door

size	830mmH x 490mmW x 581mmD
installation	freestanding, underbench or elevated built-in
finish	stainless steel door with tinted glass, stainless steel handle, black enamel carcase
hinging	left-hand hinging ex factory, reversible (see note *)
capacity	• 150-litre gross • 122-litre net • 13 shelf heights • 3 chromed-wire shelves • bulk stock floor space
controls	• LED readout • up/down temperature touch pad • cabinet light on/off touch pad • 7 Celsius settings 3–9°C inclusive
warranty	two years parts and labour

* The OBF145X beer cabinet is supplied ex factory with left-hand hinging. The door hinging can be changed to the right-hand side by rotating the door through 180°. However, the Omega logo will appear at the top of the door and upside down. With forethought, a right-hand hinged OBF145X can be ordered and delivered with logo correctly fixed to the bottom of the door

A wine cabinet version, the Omega OWF145X, is also available, individually or to complement the beer cabinet OBF145X (above). Both units can be installed next to each other in a 'pigeon pair' formation, with left-hand opening for the beer cabinet and right-hand opening for the wine cabinet. When purchased together the pair is known as the OBC290X pack.
