|--------------------------|----------------------------------|
| finish | stainless steel with black glass |
| installation type | built in |
| size | 60cm 58 litres net |
| functions | fully automatic 7 functions |
| warranty | 2 years parts and labour |

oven functions

| FEATURE | DETAILS / BENEFITS |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| super strength enamelling | during construction, the oven cavity is baked at 850°C to create super-strong enamel. This ultra-smooth surface is resilient to oxidisation (rusting), pitting and harmful effects of cleaning agents and acidic food. |
| removable door | when removed it allows more ergonomic access to the oven cavity and door for easier cleaning |
| double seal | above the oven cavity opening is a double seal. This seal prevents the hot, moist and particle-laden cooking air from escaping through the top vents and ensures only cleaner and cooler air is sent through the cavity between the inner and outer thermo-reflective glass door panes. |
| cooling fan | the air circulation is designed to ensure all external surfaces are safe to touch, the controls are never under duress and 'sweating' in adjacent cabinetry is eliminated. |
| fully automatic | a timer can be set for the oven to either turn on at a certain time OR countdown to turn off |

Technical Specifications

PLEASE NOTE

A dedicated 15amp wall socket is required for the direct plugging of oven.

Drawings are not to scale – they are to assist only.

| product details | |
|------------------------------|-----------------------------------|
| finish | black glass with stainless steel |
| capacity | 58 litres net |
| installation | built-in, underbench or wallmount |
| overall dimensions H x W x D | 594 x 594 x 535 |
| weight | 29kg (packaged) |

| features | |
|----------------|-------------------------------------|
| controls | 2 control knobs with touch control |
| temperature | 50-250°C |
| timer | touch control |
| timer function | fully automatic |
| door | 2 layer glass, cool door, removable |
| cavity | smooth black cavity, roof liner |
| shelving | wire racks with 5 shelf heights |
| safety | cooling fan |

| accessories | |
|--------------------------|-----|
| chrome wire shelves | 2 |
| baking tray | yes |
| grill insert | yes |
| grill handle (wide grip) | yes |

| functions | |
|------------------------------------|-----|
| number of functions | 7 |
| oven light | yes |
| fan forced | yes |
| fan grill | yes |
| static grill | - |
| half static grill | yes |
| upper & lower element (convection) | yes |
| fan assist | yes |
| bottom element | - |
| bottom element & fan (bakers) | yes |
| bottom element & grill | - |
| top element | - |
| defrost | - |
| clean | - |
| boost | - |

| connection | |
|--------------------|--------------------|
| power requirements | 240V, 50Hz, 9 amps |
| power plug & cable | 1.85m, 15 amps |

| warranty | |
|------------------|-----------|
| parts and labour | 24 months |
